

## Safer Solutions Publications Order Form

Safer Solutions ([www.saferolutions.org.au](http://www.saferolutions.org.au)) is a project of the Total Environment Centre (TEC) devoted to educating and informing the community on chemical exposure in and around the home. A range of informative publications on chemicals are available for purchase.

### Working together to clear the air: how the chemical cocktail inside our homes is poisoning our children by Jo Immig, 2005

An engaging blueprint for a child-centred approach to chemicals policy, regulation and enforcement in Australia. A collaboration of the National Toxics Network and the Total Environment Centre.

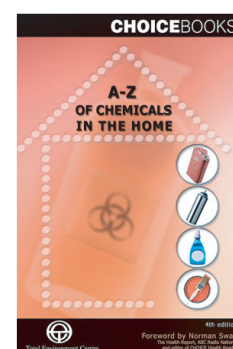

**Cost (including postage & GST) \$11**

### A-Z of Chemicals in the Home by the Total Environment Centre, 4th edition, 2003

The 4th edition of this popular publication provides a one-stop-shop of handy hints on common chemicals found around the home. Includes information on the health and environmental effects of an extensive range of household chemicals and their safer alternatives.

**Cost (including postage & GST) \$22**

### Safer Solutions: Integrated Pest Management for schools and childcare centres by Jo Immig, 2002

This practical guide is both a 'how to' resource for implementing Integrated Pest Management (IPM) as well as an essential information source for schools and childcare centres on the IPM approach.

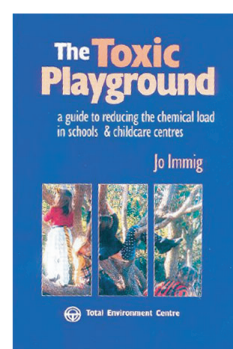

**Cost (including postage & GST) \$11** (Free if collected from TEC office)

### The Toxic Playground: a guide to reducing the chemical load in schools and childcare centres by Jo Immig, 2000

Provides a framework for chemical hazard auditing of toxic chemicals. An essential guide for schools and childcare centres.

**Cost (including postage & GST) \$11**

## Special package deal

**Buy all 4 Safer Solutions publications for just \$44 (includes GST & postage)!**

## Order Form and Tax Invoice
